DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, parts (d) and (e), it is not clear what is being claimed. Specifically, what is the distinction from a first rope and a second rope, the second rope being a continuation of the first rope? Are there two separate ropes or are both the first and second ropes different portions of the same physical rope?

In claim 13, the terminology "home position" is vague and ambiguous and it is not clear what the applicant is claiming. There is not antecedent basis for this terminology.

Claims 14-16 are not clear. Specifically, the claims do not positively recited any method steps and as understood, the claims only set forth apparatus limitations. Therefore it is not clear what is being claimed or how the method of claim 13 is further limited.

Allowable Subject Matter

3. Claims 1-16 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Art Unit: 3721

The examiner notes that the applicant has invoked 35 U.S.C. 112, sixth paragraph for several means with respect to both the apparatus and method claims.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Shulman, Usui, Geisinger, Oleksy et al, Sharp, Eichstadt, and Wojcik are cited to show related references.
